## BRACELETS SIZE GUIDE

Please set this guide to 100% scale and print it on A4 paper.

You can put a credit card or bank card on the line below  
to verify the accuracy of the printed dimensions.

If the length of the card fits exactly in the line segment,  
the scaling is accurate.

Now measure the size of your bracelet:

Cut out the ruler.

Place the ruler around the wrist and find out  
the correct bracelet length in centimetres.

To ensure a comfortable fit, we recommend  
measuring the thickest part of the wrist,  
usually the wrist joint.
